

# /1 MADE TO BE PLAYED

This music screams a secret  
Hidden in its soul  
The driving power of love that  
No one can control  
It beats like hammered steel  
On my guitar  
And as the burning notes  
Turn in my hand  
I know they will go far

Music made to be played  
Music made to be played  
Music made to be played  
And I'll play it with my life

These notes will never break  
They will only bend  
They dance in dizzy rhythm  
Spinning without end  
They will electrify my every move  
And as the current flows inside me  
I know love will give the groove

Music made to be played...

It beats like hammered steel  
On my guitar  
And as the burning notes  
Turn in my hand  
I know they will go far

Music made to be played  
Music made to be played  
Music... Music...  
Oh...

Burning, turning  
Not breaking but bending  
Grooving  
Made to be played!

Oh... Music made to be played...

And I'll play it with my life
