

FROM THE INSIDE OUTSIDE

From the Inside Outside is [Gen Verde's](#) latest concert: a powerful show featuring the group's signature ethnically influenced **pop-rock style** with beats designed to make you want **to get up and dance**, but at the same time delivering a **strong message** to make you think. The songs deal with some of young people's toughest challenges today - **low self-esteem, bullying, racism, addictions**.

In the concert, the band members sing in English, Spanish, Portuguese, Italian and Korean, **reflecting their multicultural roots**. These original songs are inspired by the true stories of the group's members or by those of other bridge-builders who have inspired them to be better people.

From the Inside Outside is a **musical experience** that invites each person to discover **the light of hope** they hold within and so become **catalysts of change around them**.

The particular characteristics of the show make indoor spaces such as theatres, sports halls, auditoriums and concert halls the preferred venues.
